About your Mastercard Premium

Keep your card safe

Check at regular intervals that you have not lost your card. It is just as personal as a passport, driver's licence, national health insurance card and the like.

Memorise your PIN

If you need to make a note of your personal identification number (PIN), you can ask Nordea for a PIN-memorising card. Your PIN must always be kept separate from your card and never be written on your card.

Do not reveal your PIN to any other person

The PIN is your electronic signature. No matter what happens and where you are in the world, never reveal your PIN to any other person.

Never choose your PIN as a password for a computer or any other system operated by means of a code chosen by yourself. Likewise, do not key in your PIN on a telephone keypad or the like.

Be careful when using your PIN

Stand close to the terminal or cash machine and cover the keys, for instance with your free hand, while keying in your PIN.

Always check that the total amount and the date have been filled in when you sign a sales voucher

Check that the date and amount are correct. Cross out any empty space before and after the amount or draw a horizontal line in such spaces so that the amount cannot subsequently be increased.

Do not forget your passport

Always bring your passport or photo identification when you are to withdraw cash in banks abroad.

Keep accounts

Keep your receipts, sales vouchers and withdrawal slips and compare them with the statement of direct debits. You should pay particular attention when you have used your card in connection with telephone or mail order or when making purchases over the Internet.

Take care of the magnetic stripe of the card

The data contained in the magnetic stripe of the card may be deleted if the card is placed close to a magnetic field. For instance a magnetic catch of a bag and certain electronic devices.

Pay attention to the expiry date of the card

After the expiry date the card will be rejected. You can have your card replaced in Nordea before expiry. You will automatically receive a new card about 2 weeks before the expiry date.

Payments via the Internet

When using your card for payments via the Internet, it is important that the computer you use is protected against virus attacks.

Disclosure of card information

Never disclose information about your card to third parties sending unsolicited e-mails or text messages, for instance. Delete the e-mail or text message immediately. If you have replied to the e-mail or text message and disclosed your card information, contact Nordea immediately to block your card.

Contact Nordea if you have problems with your Mastercard Premium abroad

Contact Nordea or - outside Nordea's business hours - Nets on +45 70 33 30 40 if you have problems with your card abroad.

Notify Nordea immediately if your card is lost or stolen or if you have reason to believe that your PIN has become known to any other person or that an unauthorised person is using your card number

Contact Nordea immediately or - outside Nordea's business hours - Nets on +45 70 33 30 40 or fax +45 44 68 11 36.

You must state your name and address as well as your card number, account number or personal registration number. Your card will then be blocked immediately and cannot be used.

1 Mastercard Premium conditions

These conditions apply to the use of Mastercard Premium issued by Nordea Danmark, filial af Nordea Bank Abp, Finland ('Nordea'). The glossary at the end explains the terms and expressions used.

2 What can you use the card for?

Mastercard Premium is a payment instrument which you can use in Denmark and abroad where the card is accepted.

2.1 Withdrawal of cash

You can use your Mastercard Premium for withdrawing cash at banks accepting the card. In addition, you can use the card for withdrawing cash from cash machines accepting Mastercard.

The fee for cash withdrawals appears from the Tariff.

2.2 Purchases at retailers

You can use your Mastercard Premium to pay for goods and services at retailers accepting Mastercard.

Retailers will display signs on their premises or inform at their website whether they accept Mastercard.

You can use your card to make purchases via the Internet. In addition, you can use the card for mail or telephone order transactions and in self-service machines.

If a retailer owes you money, it can credit the amount to your account via your card.

You must not use your card for illegal purposes, including purchase of goods and services which are illegal under local legislation.

When purchasing abroad you might be asked whether you want to purchase in local currency or in Danish kroner, see more in 17.4.

2.3 Debit entries to your account

Every time you use your Mastercard Premium, the transaction will be registered by Nets. The total amount will be debited to your account once a month.

2.4 Spending limit

Mastercard Premium has an overall limit for purchases and cash withdrawals within a period of one month. Within the overall limit, cash withdrawals from banks and cash machines are subject to a daily maximum amount. The amounts appear from the Tariff.

In addition, each retailer may fix amount thresholds for the use of the card. Each bank may also fix amount thresholds for each cash withdrawal. Therefore, you may have to make several withdrawals to withdraw the required amount. A fee will be charged for each cash withdrawal, irrespective of the amount.

3 Safeguarding your card, PIN and Mastercard SecureCode Card

The card is personal to you and may only be used by you. When you have received your card, you must immediately sign it in the signature panel on the back. The card must not be handed over to or entrusted to any other person.

PIN

Your PIN is personal to you and may only be used by you. You will automatically receive a PIN for your card. When you receive the PIN, you should examine the letter to see whether it appears to have been opened to reveal the PIN. If it appears to have been opened, you must immediately contact Nordea.

You should memorise your PIN. Your PIN must not be kept with your card or written on your card. You must not disclose your PIN to any other person or otherwise let your PIN become known to any other person.

If you cannot memorise your PIN or want to keep the PIN, it must be kept secret. If you need to write down the PIN, you should use

the PIN-memorising card which you either have received or can get from Nordea.

Authorisation

If you want an additional cardholder to be able to make withdrawals from your account, that person must have his/her own PIN and SecureCode. The use of the card by the additional cardholder is subject to the same terms and conditions as apply to your own use.

If you no longer wish additional cardholders to use your account, you must inform Nordea in writing immediately. Nordea will then cancel the card. The additional cardholder must immediately return his/her card to Nordea. If the card is returned by post, the card must be cut in two across the magnetic stripe before it is sent.

4 Mastercard SecureCode

Mastercard SecureCode provides extra protection against misuse of card data when shopping online. For the added security, you must - in addition to the card - use a one-time code you receive as a text message when paying for your purchase on the Internet. The one-time code is only to be used when making purchases from merchants participating in Mastercard SecureCode.

If you have not signed up for Mastercard SecureCode, you cannot make purchases from the merchant in question.

4.1 Signing up

Before or during your first purchase from a merchant participating in Mastercard SecureCode you must register your card for Mastercard SecureCode.

You can do so either via nordea.dk/nethandel or in connection with your first Mastercard SecureCode purchase. You sign up using your NemID.

When signing up, you need to provide the mobile phone number you want to use to receive one-time codes.

4.2 Change

If you want to change/cancel the mobile phone number on record, you can do so using your NemID via nordea.dk/nethandel or in connection with a Mastercard SecureCode purchase.

4.3 Special matters relating to the card and the registered mobile phone

As your mobile phone becomes part of the security in relation to purchases on the Internet from merchants using Mastercard SecureCode, you must ensure that others do not have or get free access to your card and your mobile phone. You must therefore change/cancel the mobile phone number on record to Mastercard SecureCode as soon as possible if you lose the mobile phone used to receive one-time codes. If you lose your card at the same time, you must also block it, see condition 9.

5 Use of the card

Before approving a payment or cash withdrawal, you must make sure that the correct amount appears from the display of the terminal or the sales voucher. Transactions already made cannot be revoked. However, see conditions 7 and 8 for the possibility to reverse a payment.

When paying for purchases or withdrawing cash, you should always make sure that you get a receipt. You must make sure that the amount is in accordance with the withdrawal or purchase and that the correct date is stated. You should keep the receipt until you have checked that the correct amount has been debited to your account, see condition 6. Sometimes self-service machines do not provide any receipts.

You can use the card in the following ways:

Use with electronic reading of the card data directly from the card:

- chip or magnetic stripe and PIN
- chip or magnetic stripe and signature

- contactless function with or without PIN
- digital wallet
- chip or magnetic stripe in self-service machines without PIN.

Use with no electronic reading of the card data directly from the card (via the Internet etc):

- card number, expiry date and check number

Use with prior registration of card data such as:

- agreement with a retailer to register card data for future purchases accepted and initiated by you
- subscription where the retailer debits amounts according to specific agreement with you
- agreement with a supplier of a digital wallet where you register your card data for future purchases accepted and initiated by you

When keying in your PIN, you should make sure that no other person can see the PIN.

Never sign a sales voucher unless:

- the amount is stated
- the amount is correct.

If you become aware that more than one imprint is made of the card, you should make sure that the imprint(s) not used is/are destroyed.

If you allow the retailer to withdraw an additional amount on your card, for instance tips, you should make sure to get a receipt for the full amount.

When using the card for renting a car or checking into a hotel, you will usually be asked to sign a slip allowing the car rental firm or the hotel to subsequently withdraw an additional amount. You should be aware that the car rental firm or the hotel will thereby get an opportunity to subsequently withdraw an amount from your account (see condition 7).

5.1 Contactless payment function

The card has a contactless payment function, which you may use when making purchases from retailers offering this service. You use your card without inserting it into the terminal or keying in your PIN. Instead, you pay by holding your card close to the terminal (distance from terminal: 0-3 cm) that has the contactless function enabled. The contactless symbol on terminals is shown below:

There is an upper limit per transaction without you having to key in your PIN (the upper limit is currently DKK 200). Nordea may adjust the amount. Notice will only be given if the amount is adjusted upwards or downwards by more than 50% in a calendar year. The applicable amount limit is available on nordea.dk/nordeapay.

5.2 Self-service machines without PIN

In some self-service machines you can use the card without entering your PIN or signing. In these machines you accept the transaction either by inserting your card or pressing approve.

5.3 Use of card number, expiry date and check number When using the card to make purchases via the Internet, you must state the card number, the expiry date of the card and its check number. If the merchant participates in Mastercard SecureCode, you must also key in the one-time code sent to you as text message in connection with the purchase.

When using the card to make purchases in connection with mail or telephone order transactions, you must state the card number, the

expiry date of the card, its check number and perhaps also your name and address. In connection with mail order transactions you must also sign an order form.

You must never state your PIN in connection with purchases via the Internet or in connection with mail order or telephone order etc.

5.4 Prior registration of card data

You may register your card data with a retailer or a supplier of a digital wallet. Then you do not need to enter your card data every time you accept future purchases via the Internet. You must follow the instructions from the retailer or the wallet supplier.

You can register your card data in Nordea Wallet on your Android and/or IOS mobile phone. You can read more about Nordea Wallet and how to use it on your mobile phone on Nordea.dk/wallet.

You may also agree with the retailer that your card data are registered with the retailer for the purpose of paying for a subscription. The retailer will deduct the agreed subscription payments without you having to accept each payment. If you use your card data in this manner, you must make sure that any termination of the subscription is made in conformity with the terms fixed by the retailer.

As regards all these three solutions comprised by condition 5.3, you must contact the retailer or supplier of the digital wallet solution to have the new card data registered if you change cards.

6 Checking entries on your statement

You have an obligation to check the transactions on your statement of direct debits on an ongoing basis. If you find transactions when checking that do not tally with your receipts or you think that you have not made, you must contact Nordea as soon as possible. Please note the deadlines stated in conditions 7 and 8.

When checking the transactions on your statement, you should be aware that when you use your card to make purchases via the Internet or in connection with mail or telephone order transactions, the retailer is generally not allowed to debit the amount until the goods have been sent. On purchases of air tickets or concert tickets, the retailer debits the amount already when you book the trip or order the concert ticket.

7 Reversal of payments which you have approved

7.1 If you did not know the final amount when you approved it If you did not know the final amount when you approved the payment and the amount that was subsequently debited to your account is significantly higher than you could reasonably expect, you are entitled to demand reversal of the payment. This may, for instance, occur in connection with renting a car or checking out from hotels where you have signed a slip allowing them to subsequently withdraw an amount for petrol or consumption from the mini bar or the like. You must contact Nordea not later than eight weeks after the amount has been debited to your account if you believe you are entitled to have a payment transaction reversed and you have not approved the final amount.

7.2 Purchases via the Internet, mail and telephone order transactions etc

If you have used your card to purchase goods or services in one of the following ways:

- via the Internet
 - by mail or telephone order transactions
 - in self-service machines without your PIN
- you may be entitled to have a payment reversed, provided that
- the shop has debited a higher amount than agreed
 - the article or service has not been delivered
 - you have availed yourself of an agreed or statutory right to withdraw from a transaction before the product or service has been delivered

You must first try to solve the problem with the retailer before you contact Nordea. You must produce documentary evidence that you have contacted or tried to contact the retailer.

It is a condition that you raise your objection to Nordea as soon as possible after you have become aware of the unauthorised withdrawal of one or several amounts from your account. Your objection must be raised not later than 14 days after you have become aware of your possible claim. Your obligation to check the transactions on your statement of direct debits on an ongoing basis, see condition 6, will be taken into account when evaluating whether you have contacted Nordea in due time. Nordea will then investigate your objection. The disputed amount will normally be credited to your account while your objection is being investigated. If the objection turns out to be unjustified, the amount will be debited to your account once more.

In the event of an unwarranted objection, Nordea may charge interest from the date when the amount was credited to your account to the date when it is debited to your account again and a fee for copies of withdrawal slips or sales vouchers, see the Tariff.

A Mastercard credit card allows you in some additional situations to have a payment reversed if the purchase is made via the Internet or in connection with mail or telephone order. For further information please visit nordea.dk/indsigelseser or contact Nordea.

8 Reversal of payments which you have not approved

If you think that one or more payments have been effected with your card which you have not approved, contributed to or made, you must contact Nordea as soon as possible after you have become aware of the unauthorised transaction. Your obligation to check the transactions on your statement of direct debits on an ongoing basis, see condition 6, will be taken into account when evaluating whether you have contacted Nordea in due time. Under all circumstances you must contact Nordea not later than 13 months after the relevant amount was debited to your account.

Nordea will then investigate your objection. The disputed amount will normally be credited to your account while your objection is being investigated. If the objection turns out to be unjustified, the amount will be debited to your account once more. If the investigation shows that an unauthorised party has used the card, Nordea may hold you responsible, see condition 10.

In the event of an unwarranted objection, Nordea may charge interest from the date when the amount was credited to your account to the date when it is debited to your account again and a fee for copies of withdrawal slips or sales vouchers, see the Tariff.

9 Your obligation to block your card

9.1 Card

You must contact Nordea as soon as possible to block your physical card if

- you lose your card
- your PIN becomes known to any other person
- you discover that your card has been misused
- you suspect that your card has been copied
- you otherwise suspect that your card can be misused.

Outside Nordea's business hours you must contact the 24-hour telephone service of Nets on +45 70 33 30 40. When contacting Nets, you must state your name and address and, if possible, your card number, account number or personal registration number in order to have the card blocked immediately.

When your card has been blocked, you will receive information with an indication of the reason for and the time of the blocking.

If a blocked card is found again, you must contact Nordea to agree what action to take.

9.2 Card/card data in a digital wallet, eg on your mobile phone

You must contact Nordea as soon as possible to block your card/card data on your mobile phone if:

- you lose your mobile phone

- you discover that your card/card data on your mobile phone have been misused
- you otherwise suspect that your card/card data in a digital wallet can be misused.

Outside Nordea's business hours, you must contact the 24-hour telephone service of Nets on +45 70 33 30 40. When contacting Nets, you must state your name and address and, if possible, your card number, account number or personal registration number in order to have the card blocked immediately.

When your card/card data in a digital wallet have been blocked, you will receive information with an indication of the reason for and the time of the blocking.

If a mobile phone with a blocked card/card data is found again, you must contact Nordea to agree what action to take.

If someone else gets access to your PIN for the digital wallet, in which your card/card data are registered, you must change your PIN as soon as possible. Follow the instructions provided in your digital wallet. Subsequently contact Nordea for further information about what action to take.

10 Your liability in case of misuse of your card

10.1 If your card has been misused by any other person, Nordea will cover the loss, unless the loss is comprised by conditions 10.2-10.6, see below. Nordea must prove that the loss is comprised by conditions 10.1-10.6.

10.2 If your card and PIN have been misused by any other person, you will be liable for any loss up to DKK 375.

10.3 You will be liable for up to DKK 8,000 of any loss if any other person has misused your card and your PIN and

- you have failed to inform Nordea as soon as possible after having learned that your card has
- been lost or that your PIN has become known to an unauthorised person
- you have disclosed the PIN to the person who has misused the card and you did not realise or ought to have realised the risk of misuse
- you have made the unauthorised use possible through your grossly negligent conduct.

10.4 You are liable for the entire loss if the PIN has been used in connection with the misuse on the following conditions:

- You have intentionally disclosed the PIN to the person who misused the card and you realised or ought to have realised that there was a risk of misuse.

10.5 You will also be liable for the entire loss if you have acted fraudulently or deliberately failed to fulfil your obligations according to these rules. This includes keeping the SecureCode safe, see condition 4, protecting the PIN, see condition 3 and 5, and blocking the card, see condition 9.

10.6 You are not liable for any loss arising after Nordea or Nets has been notified that your card is to be blocked. Nor are you liable for any loss arising if you have not had the chance to block your card due to circumstances on the part of Nordea.

10.7 Irrespective of the above, if the use of a PIN or other strong customer authentication is not required by Nordea, Nordea is liable for any misuse unless you have acted fraudulently.

10.8 Irrespective of the above, Nordea is also liable for any misuse if you were in a position where you would not know that your card had been lost or stolen or your PIN had been compromised.

You can read more about the rules on liability in section 100 of the Danish act on payments.

11 Nordea's rights and responsibilities

11.1 Nordea's right to block the card

Nordea is entitled to block the use of the card if:

- the account to which your card is attached has been closed
- you fail to comply with these conditions, including that you overdraw the account to which the card is attached
- your card has been misused or presumed to have been misused by a third party.

In the event of an unauthorised overdraft of the account, you will receive a written reminder before the card is blocked.

However, it may be necessary to block the card in case of particularly gross and/or repeated unauthorised overdrafts.

Furthermore, Nordea may demand that any cards issued in relation to the account should be returned. When Nordea has blocked the card, you will receive information with an indication of the reason for and the time of the blocking.

On suspicion of misuse, actual misuse or security threats, Nordea will inform you by telephone, text message and/or e-mail if you have stated your telephone number or an e-mail address. Alternatively, you will be informed via Netbank/Netbank konto-kik.

11.2 Replacement of the card

Nordea may at any time replace the card.

11.3 Nordea's liability

Nordea is liable to pay damages if, due to errors or negligence, Nordea's performance of agreed obligations is late or defective. Even in areas subject to stricter liability, Nordea is not liable for any loss caused by the following:

- Breakdown of/lack of access to IT systems or damaged data in such systems as a result of the below events, whether Nordea itself or an external supplier is responsible for operating the systems.
- Failures of Nordea's electricity supply or telecommunications, statutory intervention or administrative orders, acts of God, war, insurrections, civil commotion, sabotage, terrorism or vandalism (including computer virus and hacking).
- Strikes, lockouts, boycotts or blockades, whether or not the dispute is aimed at or was initiated by Nordea or its organisation, and notwithstanding the reason for the dispute. This also applies if the dispute only affects parts of Nordea.
- Other circumstances which are outside Nordea's control.

Nordea is not exempt from liability in the following events:

- If Nordea ought to have anticipated the cause of the loss when the agreement was entered into or ought to have avoided or overcome the cause of the loss.
- If Nordea under all circumstances is liable for the cause of the loss according to legislation.

11.4 Industrial disputes

You cannot use your card in Denmark if Nordea and/or the banks' data centres are involved in an industrial dispute. As soon as possible after the commencement advertisements in the press or otherwise.

You should not expect to be able to use your card outside Denmark if one or more of the banks' data centres and/or one or more of Nordea's international collaboration partners are involved in an industrial dispute.

11.5 Errors and defects

Nordea is not liable for errors and defects etc in the goods delivered or the services provided by the retailer. Any complaint about errors and defects in the goods delivered or services provided should be addressed to the retailer.

12 Expiry

You can use your card up to and including the date of expiry stated on the card, after which the card is no longer valid. Before the card expires, you will receive a new card by post or receive a

message that your new card can be collected at Nordea.

13 Termination

Nordea may terminate the agreement by giving two months' notice. In the event of termination you will be reimbursed for the proportionate share of any annual fee you have paid in advance for the use of the card.

You may terminate the agreement with Nordea by giving one month's notice.

If the agreement is terminated by you or Nordea, you must return the card to Nordea. If you return the card by post, you must cut it in two across the magnetic stripe before you send it.

14 Amendments to these conditions Amendments to these conditions and tariff changes may be made by giving two months' notice. You will be informed of the amendments and changes either by letter or electronically. You are under an obligation to notify Nordea of any changes in your home address and/or e-mail address and it is your responsibility if you do not receive information about amendments and changes if you have not notified Nordea of any changes in your home address and/or e-mail address.

An amendment to these conditions will be deemed to be approved by you unless you have informed Nordea before the new conditions take effect that you do not want to be bound by the new conditions.

If you inform Nordea that you do not want to be bound by the new conditions, the agreement will be deemed to be terminated at the time when the new conditions take effect. If you have paid an annual fee in advance, a proportionate share of the amount will be returned to you.

15 Complaints

If you have any complaints, you should contact Nordea. If you do not succeed in your complaint, you may contact the Danish Credit Institutions' Claims Board or the Danish Consumers' Ombudsman.

If you want to complain about your card having been blocked, you may contact Nordea. If you do not succeed in your complaint to Nordea, you may complain to the Danish Data Protection Agency.

16 A new copy of the conditions

If you lose these conditions or for other reasons need a new copy, you can view them at nordea.dk/mcpremium or contact Nordea.

17 Charges and currency conversion

17.1 Nordea's charges

Nordea may charge an annual card fee, which is payable in advance. The annual card fee, fees for use of the card as well as fees for copies of withdrawal slips or sales vouchers appear from the Tariff.

17.2 Charges for use of the card

Retailers and online merchants in countries outside the EU/EEA may charge a fee for the use of the card.

17.3 Currency conversion rates when using the card abroad Purchases and cash withdrawals made abroad are converted into Danish kroner, see the Tariff. The amount will be debited in Danish kroner to your account via Betalingservice.

On conversion the methods of calculation described in the Tariff are used, see Currency conversion rates when using the card abroad. Changes to the reference rate stated in the Tariff will take effect without notice.

The rate of exchange may have changed in the period from when the card was used until the amount is debited to your account. Likewise, in certain countries, mainly outside Europe, several official exchange rates may be applicable, depending on where

the exchange rate is obtained.

17.4 Dynamic currency conversion

If you use your card abroad, the retailer may offer to make a currency conversion before the payment is made. Before you approve the purchase, the retailer must state the fees charged and the conversion rate used by the retailer in connection with the conversion. Please note that the conversion rate used by the retailer may differ from Nordea's conversion rate and that Nordea has no influence on the conversion rate used by the retailer.

18 Evaluation of applicants

The card is issued subject to a credit assessment of the individual applicant. For the purpose of such evaluation, Nordea may gather information from credit rating agencies and warning registers and ask you to submit notices of assessment and pay slips etc.

Nordea is under an obligation to refuse to issue cards to persons entered in the central Danish register of cheque and debit/cash card misusers.

19 Registration of blocked cards

When the card has been blocked, see conditions 9 and 11, the card number will be registered as blocked with Nets. Blocked numbers will also appear from Mastercard's international list of blocked card numbers.

The list is available to banks and retailers connected to the Mastercard system for these banks and retailers to be able to check if a card used for payment has been blocked.

20 Supervision

Being a branch of Nordea Danmark, filial af Nordea Bank AB (publ), Sverige, Nordea is subject to supervision by:

European Central Bank (ECB)
Sonnenmannstrasse 22, 60314 Frankfurt am Main, Germany
Tel: +49 69 1344 0

Finansinspektionen
Snellmannsgatan 6, PB 103, 00101 Helsinki, Finland
E-mail: fiva@fiva.fi
Tel: +358 (0)9 18351

According to Danish legislation, Nordea is also subject to supervision by:

Danish Financial Supervisory Authority (FT Nr. 2222)
Århusgade 110, DK-2100 Copenhagen Ø
E-mail: Finanstilsynet@ftnet.dk
Tel: +45 33 55 82 82

21 Glossary

Betalingservice (direct debit service): The use of Betalingservice (direct debit), which automatically debits the monthly amount spent to the account attached, is a condition for

issuing a Mastercard Premium.

Business day: All days except Saturdays, Sundays and holidays, the Friday after Ascension Day, the Danish Constitution Day, the day of Christmas Eve and the day of New Year's Eve.

Digital wallet: A digital wallet is a personal software-based solution, e.g. Mobile app, where you register your card data for future Internet purchases from an online merchant.

Dynamic currency conversion: Is used by some retailers to enable you to pay abroad in Danish kroner. The retailer will make the currency conversion, and Nordea has no influence on the conversion rate used.

Mastercard: The organisation laying down the international rules governing the Mastercard system.

Mastercard SecureCode: Mastercard SecureCode offers extra protection against misuse of card data when shopping online. Before you can use Mastercard SecureCode for trading on the Internet, you need to register your card for Mastercard SecureCode.

NemID: NemID is a digital signature. A distinction is typically made between NemID for netbank and NemID for public digital signature (OCES), but you can use both types when signing up for Mastercard SecureCode.

Nets: Nets A/S - the company administering the Mastercard system for Nordea.

One-time code: A code sent to you as a text message to the mobile phone number on record. You must use this code making purchases from merchants participating in Mastercard SecureCode

Retailers or merchants: Shops, hotels, restaurants and other payees accepting Mastercard for payments.

Receipts: Evidence of a payment in paper or electronic form.

Spending limit: The maximum amount that you can withdraw and buy for each month. Your spending is cleared monthly.

PIN: The secret personal identification number attached to the card.

Tariff: The list of charges etc in force from time to time. The Tariff forms part of the conditions for Mastercard Premium. You can obtain the conditions at Nordea or view them at nordea.dk/mcpremium.

Reference rate: The conversion rate used for converting amounts of purchases and cash withdrawals abroad to Danish kroner.
